To Whom It May Concern:

My name is Ilene Chase and I have owned my Interior Design Company for 13 years. My primary company, Selections 21 LLC resides in the Chicago land Area. I have also had the privilege of working with some of my customers on their second homes in additional states.

Recently, I have been working with an existing customer on a 7000 square foot remodel in Scottsdale Arizona. From the on set of this project I have had the privilege of being introduced to Tuff Bilt Construction and its owner Cory May. Tuff Bilt Construction has made my long distance design job a rewarding experience. Cory May made himself available to all of my requests and challenges and produced 100% successful results in a better then timely manner.

Tuff Bilt construction not only provided my customer and me the services we needed to complete this design / remodel project, but they also provided us with additional sources to make my job less challenging.

During my Design Tenor I have rarely experienced this type of dedication and hard work from not only a Contractor, but from an entire company.

I look forward to the opportunity to work with Cory May and his entire team at Tuff Bilt Construction in the near future.
